Registered Charity 1023606

The NeuroMuscular Centre based in Winsford, Cheshire is a pioneering charity which serves people with muscular dystrophy (md). This progressive muscle wasting condition can have a devastating impact on hundreds of families.

The Centre provides a unique combination of services for people with muscular dystrophy. There are training and sheltered employment programmes for people with md unable to find meaningful jobs as a result of their disability. Regular physiotherapy and hydrotherapy treatments are available as well as care and an ever growing support and information service.

Our aim is to enable people with muscular dystrophy to realise their own potential and to have the opportunity to make their own choices - both of which can be done with the physical and emotional support available at the Centre.

Every Penny Counts

Heather

I joined the NMC 8 years ago, and I walked into a whole new world after feeling confined to my house and having very low self-esteem and no confidence. At that time I was walking a little and also using my manual wheelchair, which I hated with a passion. I had always been ashamed of my disability and did not want to acknowledge it as I also had two young children, which I had to bring up on my own. I felt isolated and alone and went to the Centre out of desperation.

After having a meeting and being assessed for a physio programme by Kate Fox, a founder member of the NMC, I started to go to the Centre two days a week and began to feel much better both physically and emotionally. The atmosphere at the Centre is positive and uplifting and I have since found that how ever bad things get, I can go to the Centre and come out feeling positive and able to cope with anything life throws at me.

The Centre provides a level playing field for people with muscular dystrophy to take part in a working environment and gives them equal opportunities. I now feel fit, healthy, happy and feel as if I am contributing to society. This is all down to the NMC.

Your monthly gift will make a life-changing difference for the hundreds of people affected by md in the North West.

For as little as 16p per day you can help the NeuroMuscular Centre (NMC) help people with muscular dystrophy (md). Small and regular contributions make a big difference to people with muscular dystrophy.

How your money helps Why every penny counts

16p per day that's just £5 per month, over one year, can pay for the support costs for one Graphic Designer with muscular dystrophy for two weeks.

33p per day that's £10 per month, over one year, can pay for the transportation of one wheelchair user to train in IT or Graphic Design for one month.

82p per day that's £25 per month, over one year, can pay for the costs of running hydrotherapy sessions for one week.

A small gift can make a big difference to the Centre and to the people with muscular dystrophy using its services.

It is quite simple, you have an impact whatever you give to the NMC!

Regular Giving step by step . . .

1 I would like my small change to make a big difference for people with md.

Please complete this Standing Order form and return to the NMC, Fundraising Office, Woodford Lane West, Winsford, Cheshire, CW7 4EH

I would like to support the NMC with a monthly gift of:

£5 per month, 16p each day

£10 per month, 33p each day

£25 per month, 82p each day

other, please specify £ _____
